

# PREXISO P80

## Laser Distance Meter

Make life easy: With the PREXISO P80 you can measure any distance quickly and efficiently. This handy laser measuring instrument is the ideal tool for all your distance measurements. With one press of a button you can take measurements in seconds without assistance – but with laser precision: Measure like the professionals!

### Functional and ergonomic laser precision!

#### Ergonomic housing

Lays perfect in your hand!

#### At the press of a button

With the PREXISO P80 every distance measurement is child's play!

#### Functions included

Addition, subtraction, area and volume calculation, two different Pythagoras functions or select other units of measurement: It's all there!

#### Automatic detected end-piece

When measuring from corners and edges, the position of the bracket is automatically detected.

#### Memory

Measuring results forgotten? No problem. The last 10 results are stored.

#### Laser technology inside

Measure like a professional with laser-precision, e.g. even in cluttered surroundings!

#### Clear illuminated display

The intermediate and final results are shown in the 3-line display

#### Measure like a professional

Range up to 80 m

Typ. accuracy  $\pm 1.5$  mm
